

REMARKS

Reconsideration and allowance of this application, as amended, is respectfully requested.

This Amendment is in response to the Office Action dated April 19, 2005. Appreciation is expressed to the Examiner for the allowance of claims 28-43 in this Office Action.

By the present amendment, the title has been amended to be more indicative of the claimed invention, as required in the Office Action. Therefore, removal of the objection to the title set forth in paragraph 3 on page 2 of the Office Action is respectfully requested. Incidentally, in response to the indication in paragraph 2 that the lengthy Specification has not been checked with regard to possible minor errors, it is noted that a Substitute Specification has already been filed in this application following a careful review of the Specification.

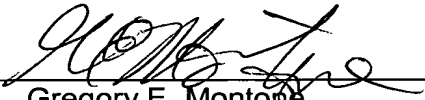

Also by the present amendment, rejected claims 21-27 have been canceled. The cancellation of these claims is without prejudice to the applicants right to proceed with the subject matter of these, or other claims, in a continuation application.

In light of the cancellation of claims 21-27, the only claims remaining in this application are claims 28-43, all of which have been indicated as being allowed. Therefore, allowance of this application is respectfully requested.

If the Examiner believes that there are any other points which may be clarified or otherwise disposed of either by telephone discussion or by personal interview, the Examiner is invited to contact Applicants' undersigned attorney at the number indicated below.

To the extent necessary, Applicants petition for an extension of time under 37 CFR 1.136. Please charge any shortage in fees due in connection with the filing of this paper, including extension of time fees, to the Antonelli, Terry, Stout & Kraus, LLP Deposit Account No. 01-2135 (Docket No. 501.43140X00), and please credit any excess fees to such deposit account.

Respectfully submitted,
ANTONELLI, TERRY, STOUT & KRAUS, LLP
